SecureDApp Audit Express

Trusted by more than 120+ companies

Audit Express is a cutting-edge smart contract auditing tool designed to provide developers with a quick and easy assessment of their project's security. Developed by SecureDApp, Audit Express leverages advanced algorithms to identify potential vulnerabilities and bugs within smart contracts. Audit Express gives a clear and concise security score to gain a rapid understanding of your project's vulnerability profile.

Security Score

93.1/100

Scan duration

21.67

Lines of code

50

Your Security Score is **EXCELLENT**

The score is calculated based on lines of code and weights assigned to each issue depending on the severity and confidence. To improve your score, view the detailed result and leverage the remediation solutions provided.

Critical: 0

High: 0

Medium: 0

Low: 3

Informational: 2

Gas: 0
